

Participation of Spain in PENTA

DC meeting. December 7th 2017

- Spain does not specially highlight in micro and nanoelectronics but can participate in PENTA projects through the complete value chain
- There are at national level considerable opportunities to get funding for these projects through two organizations:
 - ✓ **Ministry of Energy, Tourism and Digital Agenda (MINETAD)**
 - Strategic Action of Economy and Digital Society (AEESD)
 - ✓ **Center for Industrial Technological Development (CDTI)**
 - Innoglobal call
 - Open Call

- Regulation: *Orden de Bases de Liderazgo (Orden ECC/1333/2015, de 2 de julio)*

2018 MINETAD Forecast

- Currently, **MINETAD** is conducting an **impact analysis** of the projects funding within the framework of the **four ICT clusters (PENTA, EURIPIDES2, ITEA3, CELTIC-Plus)** and, based on this analysis, will determine **the level of commitment for 2018**
- **MINETAD** has reoriented its strategic priorities towards technologically more disruptive projects, which address **TRLs between TRL3 and TRL7**, in order to fund high-impact projects with high technological risk, projects **that would be funded exclusively through grants**
- Consequently, the commitment of MINETAD in all the ICT Clusters of EUREKA will be conditioned by the **global budget availability**, the **result of the impact analysis** mentioned for each Cluster and **the alignment of the Clusters with the strategic priorities of MINETAD**

2018 CDTI Forecast

- **CDTI** as Spanish representative at **EUREKA**, will continue supporting Spanish participation in **EUREKA** Clusters through **INNOGLOBAL** call (grants) as well as through the classical **Open Call**
- Up to two **INNOGLOBAL** calls are forecasted for 2018 with **grants** between **10-20 M€** for all international programmes, Clusters included
- **Open Call:**
 - ✓ There is **no restriction** for Open Call. The projects are funded or not depending on their quality, the availability of budget is, in principle, guaranteed
 - ✓ Financing of **industrial research** activities and **technological development**
 - ✓ **Loan up to 85% of eligible costs**, where **Grant 33% (non-repayable part)**
 - ✓ Euribor interest loan to be reimbursed in 10 years period
 - ✓ **Minimum budget** for each company: **175 k Euros**
 - ✓ **Project duration:** from 1 to 3 years
 - ✓ **Eligible expenses:** depreciation, consumables, staff, external collaboration, and overheads
 - ✓ Companies can have **25% of the credit in advance** up to **200 k Euros**
 - ✓ Tax relief report
