

# 2021 EURIPIDES<sup>2</sup> and PENTA Call

Two EUREKA-funded clusters PENTA and EURIPIDES<sup>2</sup> are again this year joining forces to propose a 2021 Call. This contributes towards a simplification of the funding landscape and brings a wider range of countries and partners together.

PENTA addresses the whole electronics value chain from design, through device manufacture to applications. EURIPIDES<sup>2</sup> focusses on electronic systems, integration, packaging and reliability.

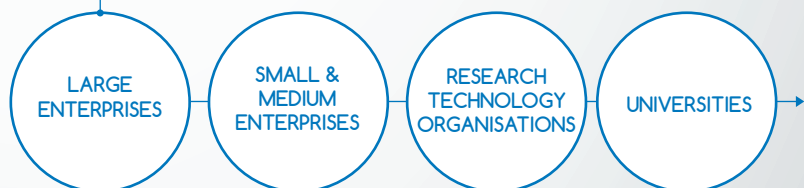

PENTA and EURIPIDES<sup>2</sup> support projects along the Electronic Components & Systems (ECS) value chain and focus on building collaborative ecosystems and facilitating access to funding.

## WHY PARTICIPATE ?

- To take advantage of trans-national RD&I cooperation and related funding in a broad range of countries
- Benefit from multiple and diversified partnership opportunities from the ECS community from the research to the end applications
- To lead, or be part of industry-led projects, open to Large Enterprises, SMEs, research organisations and academia
- To access expertise from the AENEAS & EURIPIDES<sup>2</sup> experts and AENEAS Scientific Council
- To get professional support and guidance from the EURIPIDES<sup>2</sup> and PENTA teams

## WHO CAN PARTICIPATE?

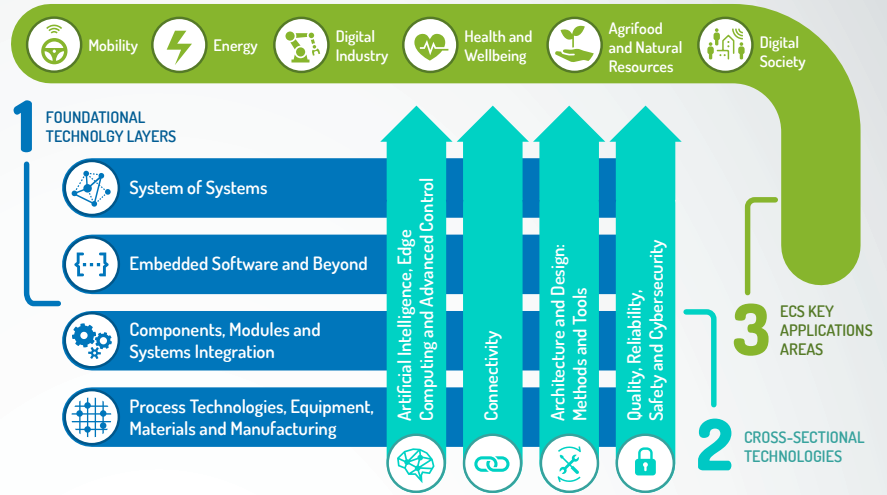

PENTA and EURIPIDES<sup>2</sup> are open to all organisations of all types in the ECS Community that drive innovation in micro- and nanoelectronics enabled systems and applications.

# WHAT ARE THE EURIPIDES<sup>2</sup>/PENTA FOCUS AREAS?

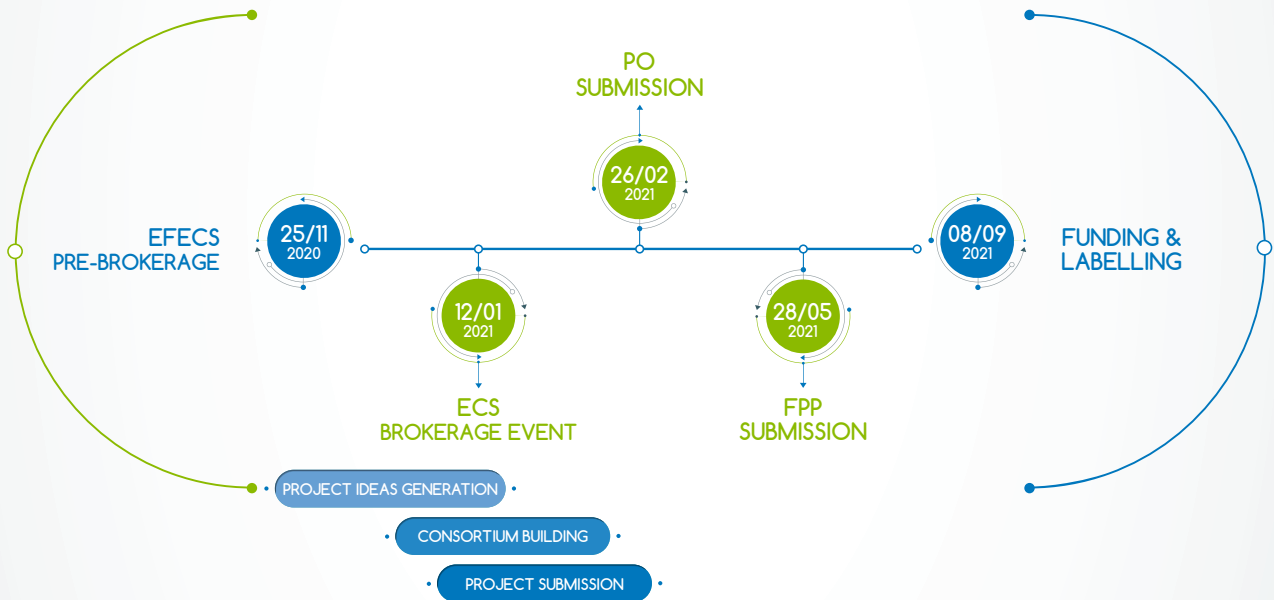

Industrial and societal development is now being driven by the Digital Economy.

EURIPIDES<sup>2</sup> and PENTA have been set up to meet the needs of industry by supporting collaborative programmes covering all facets of RD&I based on the ECS Strategic Research and Innovation Agenda\*.

\* The ECS Strategic Research and Innovation Agenda is a technology roadmap that identifies societal and economic needs and related RD&I priorities. Its development was organised by the 3 industry associations, AENEAS, ARTEMIS-IA and EPOSS together with over 250 leading experts from across Europe.

## HOW TO SUBMIT A PROJECT?

### ECS Collaboration Tool

The ECS Collaboration Tool is open to all in the ECS Community, and is available 24/7. This facilitates information exchange and project formation within the ECS Community in a single location, enabling subsequent proposal submissions to PENTA, or another funding tool.

[www.ecscollaborationtool.eu](http://www.ecscollaborationtool.eu)

### EURIPIDES<sup>2</sup>/PENTA Project Zone

The EURIPIDES<sup>2</sup>/PENTA Project zone is a secured environment designed to submit and evaluate project proposals, manage projects through their life cycle and give access to a range of support tools.
